Bringing Stars To The Table

## MEXICAN HAND MADE GLASSWARE

All our glass is lead free. As every glass is individually blown and shaped slight variations in size and colors are normal. The process also creates occasional small trapped bubbles. In short — no two glasses are exactly alike — which of course is part of the beauty and charm of Orion glass.

## CABO

**Bring color and texture to your tropical drinks with Orion's new Cabo Glassware**

Crafted of recycled glass, each piece of the Orion line is mouth blown and hand shaped by skilled artisans carrying on a centuries old tradition. High-tech factory production methods have tried to imitate the techniques of native blowers; but none have captured the substance, warmth, individuality of shape, and the exquisite elegance of Orion glass pieces.

## CORTEZ

**Sea and Desert Sky Colors**

### CORTEZ Duo Banded Glasses

- G03-BQA 16 oz Tumbler Turquoise/Amber
- G167-BQA 12 oz All Purpose Turquoise/Amber
- G28-BQA 56 oz Pera Pitcher Turquoise/Amber

Mexico has a long history of great arts & craft making, hand-made ceramics, weaving, metal and wood working as well as glass blowing are among many.

Early Mexican glassware was produced in the historic city of Puebla in the 1540s and is now made in many central cities.

### CABO Duo Banded Glasses

# Your New Recycled Drinking Glass... Formed at Over 1500F

Glass makes up a large component of household and industrial waste due to its weight and density. Glass used in Orion's Mexican glassware consists of broken bottles melted down and blown by hand to form new products. All Orion glassware is made of recycled glass made to our specific requirements.

## HAND BLOWN GLASS

## The Classic Margarita

### Glassware Handmade to Our Specifications especially for Restaurants, Bars and Hotels

The technique of making this unique glass is done by blowing through a pipe onto a molten glass mass. As the glass maker blows he begins to mold the piece by continuously turning it around with the pipe. As the piece begins to cool it's shaped as required while color is added to bring to life beautiful individual effects. Many designs, such as small bubbles, splatters, colored swirls, confetti or pebble patterns can be produced.

RECYCLED GLASS

## LOVING YOUR CUSTOMERS

*Loving Your Customers* is the heart of our mission at Orion Trading & Design. Herein is Orion's niche: To serve you with unique handmade tabletop designs that evoke emotion and tie together in artistic presentation.

Orion introduced *Planet Friendly Recycled Glassware* in 1987. Others have tried to duplicate it but none approach the very essence of glass made by Mexican artisans carrying on three centuries of their craft.

*Take the Taste Test! Water simply tastes better in an Orion Glass!* Serve water chilled in our colorful Artesian Water Bottles and you've made a statement right at the table with your customers.

*A phenomenon is sweeping across Latin America: Tableside Purse Stands!* A stand is brought to women to hang their purses and bags OFF the floor and no more being stepped on. Women absolutely love these and so do the restaurants!

We are proud to have one of the world renowned masters of ceramics designing and making our line of sophisticated *Studio Stoneware*. In addition to our best selling rustic glazes, we are now presenting new colors to align with today's contemporary palette. Each piece is made with pride and the result is an artistic and uniquely appealing durable stoneware that is dishwasher safe, suitable for both restaurant and home use.

*Orion was the first to design Stainless Taco Holders. They are the "original"* and continue to grow in popularity because quality and detail in style really does matter.

*We love designing products just for you;* designs that are inspired by you. We are dedicated to your success.

I wish to thank you for your business and look forward to continuing to serve your needs by listening to you and providing the best we can offer in style, design, and function.

Jim de Girolamo
