# STAUB Cast Iron Cookware

Made in France, Staub enameled cast iron cookware is the choice of the world’s best chefs. Chefs choose Staub because of its superior cooking surface, self-basting lids, exceptional durability, and beauty. Staub cookware is unsurpassed for roasting, slow-cooking meats and for simmering hearty stews and soups.

Each timeless piece beautifully transitions from the oven to the table. Featuring a rainbow of eye-catching colors, the exterior enamel finish is applied using a special technique. These uniquely glossy, majolica enamels boast deep, intense shades and beautiful color. Francis Staub, the company’s founder and namesake, proudly proclaims, “Staub is how you connect the chef to the table.” Staub is proud to sell to the country’s best chefs and most acclaimed restaurants.

# STAUB Ceramics

The Staub standard of excellence has been extended to Staub Ceramics. Like our enameled cast iron, our enameled ceramics are unequalled in cooking performance, durability and design.

- Each piece is glazed with vitreous glass giving an intense luster and deep color with Majolique highs and lows.
- Thoughtful French design is both beautiful and functional—the collection includes nesting pieces for efficient storage.
- Staub ceramics are exceptionally durable with the best in class thermal shock and impact resistance — due to:
  - The materials used
  - The manufacturing process — fired twice at exceptionally high temperature
  - Product specification including a glazed base which makes the product less porous
- Staub ceramics are intensely resistant to staining and crazing
- Suitable for: broilers, ovens, microwaves, refrigerators, freezers and dishwashers.

# Stainless Steel Cookware

## Use and Care Instructions

### Before First Use

- Remove all packaging materials, labels and stickers.
- Wash product with warm water and dish soap.

### Lids

- Always use oven mitts when removing a hot lid.
- When removing the lid be sure to angle the lid to direct the steam away from you.
- Never place a lid on a hot burner. This could damage, discolor or crack the lid.
- Never use a glass lid that is cracked or has scratches. These can break or shatter at random.
- Glass Lids are tempered.
- Glass Lids are oven safe up to 400°F / 204°C.
- Stainless steel lids are oven safe up to 500°F / 260°C.

### Handles

- The metal handles can become hot. We recommend to always use oven mitts.
- Never let the handles of your cookware extend over the cooking area.
- Never use a pot / pan with a loose handle.

### Cooking

- Never leave cookware unattended when cooking. An unattended pot / pan can cause the product to get extremely hot, which can cause personal injury.
- Never leave an empty pot / pan on the cook top, and never let it boil dry. This can quickly lead to irreversible damage to the base of the pan or personal injury.
- For best heating performance, match up the burner size to that of the base of the pot / pan.
- When adjusting the burner flame, be sure to not let the flame extend along the walls of your pot / pan.
- Never place your cookware in the microwave.
- Oven Safe up to 500°F / 260°C.

### Cleaning and Maintenance Tips

- Always leave a hot pot / pan to cool down before cleaning it. The extreme difference in temperature between the hot pot / pan and colder water may cause permanent deformation.
- Clean the pot / pan with warm water, liquid dish soap and a soft sponge or brush. Dry completely to prevent water spots.
- To remove stubborn, burnt food remains, it is advisable to soak the pot / pan in water and dish soap (all night if necessary), then clean with a soft cloth, sponge or soap.
- Do not use oven cleaners, as they will permanently damage cookware.
- ZWILLING and Demeyere stainless steel cookware is dishwasher safe. (We recommend to hand wash to prolong the beauty of your cookware).

# BALLARINI Cookware

## Use and Care Instructions

### 3000 Series Carbon Steel Fry Pans

#### Before First Use

- Remove all packaging materials, labels and stickers.
- Wash product with hot water and dish soap to remove the protective coat of oil. Let the pan air dry and then rub the surface with cooking oil to avoid the formation of rust during storage.
- Seasoning - the process of treating the surface of a pan with cooking oil to prevent rust, enhance the life and durability of the pan and provide a stick-resistant surface.
- To properly season your pan, repeat the following steps twice:
  1. Cover the bottom of the pan with cooking oil and heat on a medium flame until it starts to smoke, about 4 to 5 minutes.
  2. Let the pan cool and remove excess oil.
  3. Wipe the pan clean with a dry paper towel.
- Natural Nonstick Patina
  1. With each use and seasoning, a dark film will naturally develop on the pan from the fat and oils used.
  2. This dark film does not negatively affect the performance of the product, but only makes it better and naturally nonstick over time.
  3. The more the pan is used, the better the performance will be.

#### Handles:

- Handles will become hot. Always use protective oven mitts when handling hot cookware.
- Keep long handles positioned away from direct heat and never let the handles extend over the front of the cooktop.

#### Cooking:

- For safety, keep children away from hot cookware and stove tops.
- For best heating performance, match up the burner size to the base of the pan.
- When adjusting the burner flame, do not let the flame extend along the walls of your pan.
- Never place your cookware in the microwave.
- Oven safe to 600°F. Broiler safe.

#### Cleaning and Maintenance Tips:

- Always leave a hot pan to cool down before cleaning it. Do not cool a hot pan under cold water, as this extreme difference in temperature could cause deformation of the pan.
- Hand Wash Only
  - Clean the pan with hot water and a soft sponge or bristle brush.
  - Let the pan air dry completely and rub the surface with cooking oil to avoid the formation of rust during storage.
  - In instances of stubborn, burnt on food, heat the pan and add coarse salt. Using a sponge or paper towel, vigorously rub the interior of the pan with the coarse salt. Next, wipe out the salt and re-season the pan. See above instructions.
- Do not use soap, steel wool or abrasive cleaners on the interior of the pan, otherwise the naturally occurring patina will lose its nonstick surface.
- If white marks appear on the pan after the cooking of acidic foods, re-season the pan. See above instructions.

#### Storage:

- If the pan is not fully dried and oiled properly before storage, rust may occur. In instances of rust, heat the pan and add coarse salt. Using a sponge or paper towel, vigorously rub the rusty area with the coarse salt. Next, wipe out the salt and re-season the pan. See above instructions.
- Do not stack your pots and pans on top of one another. This can cause abrasions, chips or scratches to your cookware.

# BALLARINI Cookware

## Use and Care Instructions

### 2800, 4000 and 4500 Series Aluminum Cookware

#### Before First Use

- Remove all packaging materials, labels and stickers.
- Wash product with warm water and dish soap.

#### Handles:

- Handles will become hot. Always use protective oven mitts when handling hot cookware.
- Keep long handles positioned away from direct heat and never let the handles extend over the front of the cooktop.

#### Lids (if applicable):

- Always use oven mitts when removing a hot lid.
- When removing the lid, be sure to angle the lid to direct the steam away from you.
- Refrain from lowering or turning off the heat when lid is on the pot/pan. This may result in a vacuum that can cause the lid to stick.

#### Cooking:

- For safety, keep children away from hot cookware and stove tops.
- For best heating performance, match up the burner size to that of the base of the pot/pan.
- When adjusting the burner flame, do not let the flame extend along the walls of your pot/pan.
- Never place your cookware in the microwave.
- Oven safe temp:
  - Series 4000 Series to 600°F. Broiler safe.
  - Series 2800 and 4500 Series to 450°F.

#### Cleaning and Maintenance Tips:

- Always leave a hot pot/pan to cool down before cleaning it. The extreme difference in temperature between the hot pot/pan and colder water may cause permanent deformation.
- Hand Wash Instructions (2800, 4000 and 4500 Series)
  - Clean the pot/pan with warm water, liquid dish soap and a soft sponge/bristle brush. Dry completely to prevent water spots.
  - To remove stubborn, burnt food or grease spots in the interior of the pot/pan, it is advisable to soak the remains in water and dish soap (all night if necessary). Then clean with a soft sponge and soap. Do not use steel wool or abrasive cleaners on the interior of the pot/pan, as this can damage the product.
  - To preserve the beauty of the uncoated, aluminum cookware (4000 Series), hand washing is recommended. It can darken from the mineral content in water, chemicals found in detergents or high heat from the dishwasher dryer.

- Dishwasher Instructions (2800 and 4500 Series)
  - Do not use dishwashing detergent with bleach or citrus additives. (We recommend to hand wash to prolong the beauty of your cookware).
- If your cookware loses its shine, natural products such as lemon juice, vinegar or cream of tartar remove discoloration without damaging the metal.

#### Storage:

- Do not stack your pots and pans on top of one another. This can cause abrasions, chips or scratches to your cookware.

#### Nonstick Coating (2800 and 4500 Series):

- BALLARINI nonstick coatings are safe to use with metal utensils, although we recommend the use of wood, plastic or silicone utensils to prolong the life of your coating.
- We do not recommend the use of nonstick sprays. The thin layer of oil that is applied from these sprays can burn at a very low temperature, which creates a residue that can diminish the nonstick properties. Instead, we always recommend using a little fat while cooking, like butter or cooking oil.
- Low to medium heat is recommended to prolong the life of your nonstick coating.

# Staub Cast Iron Cookware

## Use and Care Instructions

#### Before First Use

- Remove all packaging materials, labels and stickers.
- Wash product with warm water and dish soap.

#### Lids & Handles

- Lid knobs and handles will become hot. Always use oven mitts.
- When removing the lid be sure to angle the lid to direct the steam away from you.
- Never place a lid on a hot burner. This could damage the lid.
- Lids are oven safe up to 500°F / 260°C.
- Over time lid knob can become loose. This can be easily adjusted with a screwdriver.

#### Cooking

- Never leave cookware unattended when cooking. An unattended pot / pan can cause the product to get extremely hot, which can cause personal injury.
- Never leave an empty pot / pan on the cook top, and never let it boil dry. This can quickly lead to irreversible damage to the base of the pot / pan or personal injury.
- When adjusting the burner flame, be sure to not let the flame extend along the walls of your pot / pan.
- Oven safe up to 900°F / 482°C without lid (NOT for product with wood handle).
- Our enamels are manufactured with the highest grade standards in the market. However they are susceptible to scratching, and chipping if mistreated, dropped, or knocked against a hard surface or against each other.
- We recommend the use of silicone or wooden tools to prevent the interior enamel from scratching. Do not cut with a knife on the enameled surface.
- We recommend pre-heating at a low temperature and then heat up gradually to your ideal cooking temperature.
- The black matte enamel allows the storing of food or marinades without any reactions.
- Never place your cookware in the microwave.
- This cookware is certified and tested for commercial use.

#### Cleaning and Maintenance Tips

- Always leave a hot pot / pan to cool down before cleaning it. The extreme difference in temperature between the hot pot / pan and colder water may cause the pot / pan to crack or break.
- Clean the pot / pan with warm water, liquid dish soap and a soft sponge or brush. Dry completely to prevent water spots.
- If food remains stuck to the pot / pan it is advisable to soak the pot / pan in water and dish soap (all night if necessary). Then clean with a soft cloth, sponge or soft brush.
- If still un-cleaned, we recommend the use one of the following methods:
  - Clean by boiling a 50 / 50 solution of white vinegar and water for a few minutes.
  - Clean with baking soda and water with a soft brush or boil 2 or 3 spoons full for a few minutes.
- Clean with non-abrasive cleaners and a soft brush or sponge. These cleaners can also be used to clean the exterior enamel.
- Refrain from using metal brushes / scoring pads as these may damage the enamel.
- Do not use oven cleaners, as they will permanently damage cookware.
- When washing the product, avoid banging it against other products / hard surfaces, as this could cause chipping / scratching.
- Natural reaction to foods, (rings) may appear inside the pot / pan. These stains do not affect the performance of the product. These are due to the fat and seasoning remaining in the texture of the cast iron.
- Staub product is dishwasher safe, except products with wood handles. Many commercial dishwashers use very strong chemicals and could potentially cause slight fading of the high gloss enamel over time. This is considered normal wear.
- Avoid placing this product too close to each other or other products in the dishwasher, as this could cause chipping / scratching.
- Completely dry your product before storing. In extreme cases your product could be subject to light spot rusting if left wet for long periods of time. In these rare instances, scrub with baking soda to help remove the rust and then rub cooking oil on the affected area to prevent further rusting.
- ZWILLING J.A. Henckels warranty does not cover misuse.

#### Storage

- Stacking your Staub pots / pans on top of one another without protection can cause abrasions, scratches and chipping to your cookware. To protect the enamel from scratching / chipping, place a towel or cookware protector between each item.

# Staub Ceramics

## Use and Care Instructions

### Before First Use

- Remove all packaging materials, labels and stickers.
- Wash with soap in warm water, rinse and dry thoroughly.

### Cooking

- This product is oven safe up to 572°F/300°C.
- This product is microwave safe (except pumpkin lids).
- Product will become hot. Always use oven mitts when handling your product.
- Do not use ceramic product on stove top burners or other direct heat sources. Direct heat sources will break or crack the ceramics.
- When using under a broiler, allow a minimum of 2.75"/7cm between the product and the heat source.
- Although this ceramic product is extremely thermal shock resistant, it is not thermal shock proof. The product can be damaged when moving directly from extreme cold to hot temperatures.
- Do not place frozen ceramics in a pre-heated oven. When moving the product from freezer to the oven, we recommend heating the oven and the product together.
- The use of sharp metal utensils or knives is not recommended for use on this product, as this could potentially damage the glaze.
- This ceramic product is suitable for commercial kitchens and restaurant use.

### Cleaning and Maintenance Tips

- Avoid direct immersion of hot ceramic into cool water as it may damage the product. Allow product to cool to touch
- before washing and immersing in water. The extreme difference in temperature between the product and colder water may cause it to crack or break.
- Clean the product with warm water, liquid dish soap and a soft sponge or brush. Dry completely to prevent water spots.
- This product is dishwasher safe.
- 
- Avoid cleaning with highly abrasive steel pads, wire scrubbers, metal scrapers or harsh detergents, as these can damage glaze.
- For stubborn or baked-on residue, soak in warm water with soap for 10-20 minutes and clean with a non-metallic/non-abrasive scrub brush or washing pad.
- Do not drop on hard surfaces from high levels, because the ceramic can break or crack.

### Storage

- Superior scratch resistant enamel allows nesting of bakers.
- Refrigerator safe
- Freezer safe
- Staub Tools
- Hand wash and towel dry.
