GARNIER-THIEBAUT USA
LINEN DESIGNER
& *MANUFACTURER*

Garnier-Thiebaut is a linen designer and manufacturer of bed, bath, table linen and accessories for the worldwide hospitality industry and homes. Garnier-Thiebaut belongs to HDM Industries; a worldwide leader in textiles, work wear, related services of the hospitality industry and retail.

Garnier-Thiebaut's story begins in 1833 in the heart of the Vosges region in Gérardmer, with the marriage of two weavers: Virginie Thiebaut and Jean-Baptiste Garnier. Through the ages, they have succeeded to transmit their love for linen.

This story is lasting thanks to the authenticity, the passion and the wish to innovate every day to create the linen of tomorrow.

Garnier-Thiebaut is a vertical company and manages all the manufacturing steps: dyeing threads, weaving and processing fabrics, cutting, sewing, packaging and delivering finished products.

To create a singular proximity with its customers, Garnier-Thiebaut arrived in the USA in 1997 to import its French "Savoir-Faire". With a human scale team and the performance of an international company, we offer a tailored service to meet your expectations.

My dedicated team and I continue everyday to transmit this passion for quality linen and commit to finding the perfect fit to bring your ideas to life.

I let you discover our products exclusively designed for the hospitality industry and look forward to welcoming you in our team.

Chief Executive Officer

A low-angle, upward-looking photograph of the Brooklyn Bridge's massive stone towers and the intricate network of steel cables. The scene is set against a clear blue sky, with the sun casting a warm, golden glow on the bridge's structure. In the background, the city skyline is visible through the bridge's arches. A white rectangular frame is superimposed over the upper portion of the image, containing the title text.
